

C2P Los Angeles Coalition
Care & Testing Subcommittee

September 17, 2013

PPLA

Meeting Minutes

In attendance:

- **Co-chair:** Grissel Granados
- **Co-chair:** Lenee Richards
- John Thompson – St. John’s
- Paulina Zamudio (DHSP)
- Martha Chono Helsley – RLA (phone)
- Raenisha Brown – CHLA

I. Announcements and External Meeting Updates

- a. October 12, 2013 PPLA is hosting a free parent conference

II. Update on Linkage to Care

- Raenisha Brown updated the subcommittee on LTC in the county. The agencies doing the most testing with youth are AHF and LAGLC. Raenisha works with LAGLC to confirm linkages but not as much with AHF. It would be helpful to get someone from AHF’s linkage program to participate in the subcommittee meetings to get them involved. ***Miguel can contact the manager for AHF’s LTC**
- Paulina informed the group that DHSP has several TLC+ pilot programs that they are researching to see whether any of these approaches are effective. She will share the results once she has more information.

III. TLC+ Workgroup Report back

- The TLC+ Workgroup is designing a survey around barriers in linkage to care from the perspective of both administrators and line staff.
- The next LTC+ Meeting will be September 27th

IV. SCO 127 –Blood Drive Notification

- a. Grissel called the CHLA blood bank and was informed that their practice for when someone tests positive for HIV is to get a confirmatory test and then call the person to get them in person to deliver results. In situations where the donor is a minor, their rights would be respected and parents would not be notified. **Grissel will try to get protocol language from CHLA blood bank**
- b. Lenee spoke to the Red Cross blood bank and received information on their practice as well. They do not send a letter stating the HIV results to the donor but rather call the person to inform them of their results. ***Lenee will try to get someone from the Red Cross to attend our next meeting to give us more information and possibly provide language that they use in their protocols**
- c. **Grissel will attend the next Schools subcommittee meeting to bring up this issue and hopefully work with schools to partner with blood banks that are knowledgeable on minor consent laws**

V. Youth Standards of Care

- a. Grissel is assigned to the Standards and Best Practices committee of the Commission. The next committee meeting will be dedicated to reviewing the what different standards and recommendations should look like. C&T members are invited to

participate in the meeting. Next steps will be determined once the SBP committee is able to give more clear guidance.

- VI. Review Open SCOs
 - a. Open SCOs were reviewed to determine the status of activity/inactivity. Some SCOs were identified that need follow up or to be modified or closed. **Grissel will follow up with Miguel and Milton to modify/close SCOs identified.**
 - b. SCO 90: **At the next C&T meeting we will review recommendations around Partner Services so that we can draft a letter to Sophia before the PS policy is actually written and completed.**
- VII. Next C&T meeting: October 15, 2013
Next working group meeting: October 25, 2013

Action Items:

- **Miguel can contact the manager for AHF's LTC**
- **Grissel will try to get protocol language from CHLA blood bank**
- **Lenee will try to get someone from the Red Cross to attend our next meeting to give us more information and possibly provide language that they use in their protocols**
- **Grissel will attend the next Schools subcommittee meeting to bring up this issue and hopefully work with schools to partner with blood banks that are knowledgeable on minor consent laws**
- **Grissel will follow up with Miguel and Milton to modify/close SCOs identified.**
- **At the next C&T meeting we will review recommendations around Partner Services so that we can draft a letter to Sophia before the PS policy is actually written and completed.**
